Thank you for your letter of 5 August 1957. I enjoyed meeting you and Mr. Mittman in my office with Congressman Broghill.

As you know, Government Services, Inc. provides our present food service and we have decided to continue this arrangement in our new building. For the reasons which I expressed to you and Congressman Broghill, I doubt seriously that it would be feasible, all things considered, to do otherwise. However, as I indicated at our meeting, we certainly are willing to listen to any arguments to the contrary which you might care to present.

At the moment we do not plan to have concessions in the building itself. The matter of what concessions we may have elsewhere on the premises and the arrangements for providing them are under study, and we shall be glad to get in touch with you when we have concluded what our requirements may be. In the meantime, if there are any matters which you desire to discuss with us please telephone me or [redacted] who can be reached on Executive 3-6115, Extension 3741.

25X1A

Sincerely,

J. J. White  
 Deputy Director
